Mrs. Northup, Quincy, Ill.
 Mothers should be grateful to know of a remedy for their own stomach, bowel and liver troubles as well as for those of their children. Mrs. Alice Northup of Quincy, Ill., after trying many methods is free to admit that the best one is Dr. Caldwell's Syrup Pepsin, which she uses herself and gives to her family. Peculiar Insect.
 There is a peculiar insect, found in the Malay peninsula and called the "lantern fly," which is remarkable for its wings. It was only after several specimens had been captured by European naturalists and brought west for careful examination that it was discovered that a curious projection on the front of the insect's head, a kind of nose with a crease in it, was the leaping organ. When bent back under the abdomen and suddenly released it sends the little creature flying.—Harper's Weekly.

Chronic rheumatism contracts the muscles, distorts the joints and undermines the strength. A powerful penetrating and relieving remedy will be found in **BALLARD'S SNOW LINIMENT**. It restores strength and suppleness to the aching limbs. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Didn't Trouble Her Long.
 Miss Malaprop, in returning from her first automobile ride, said that the constant oscillation troubled her a little at first, but that she soon got used to it.

Heartburn is a symptom of indigestion. Take a dose of **HERBINE** in such cases. The pain disappears instantly. The bowels operate speedily and you feel fine, vigorous and cheerful. Price 50c. Sold by W. H. Windrow.

HE LOST HIS BET.

But Not in Accordance With the Rules of the Game.

A certain thrifty suburbanite who contrives to "hold out" a little for sundry personal purposes despite the alertness of his better half is often put to queer shifts to keep his private bank roll from her prying eyes. When he some time ago began a systematic conservation of his resources, with an eye to attractive odds in the baseball betting on the pennant, he bethought himself of an old vest that he had seen hanging in a dark part of the cellar, which he wore when he was making garden in the spring. The vest would make an excellent depository, so he thought.

Deciding one morning recently to come up to the city and "look 'em over," he repaired to the cellar. Hor-

FELL INTO A FAINT.

rors! The vest was gone. Search as he might, it was nowhere to be found, and with a fallen heart he resorted to the last desperate expedient and sought his wife.

"Why, yes," she replied, with a frown on her pretty face, "it smelled of mold and paint, so I just had to get rid of it, and I sold it to the ragman."

She watched him sink limply into a chair with a groan that shook the china in the china closet.

"But don't worry, pet; the \$50 you so carelessly left in the vest is not lost, but is safely invested in this beautiful hat. Isn't it a beauty, dear?"

And as she produced one of the latest bucket shaped monstrosities as big as a water pail he pulled a long breath and fell into a faint on the dining room floor.—Pittsburg Gazette-Times.

Lacked Experience.
 A story which dates back to the last Bryn Mawr horse show is being told on a very popular young woman. She is an excellent tennis player and can paddle a canoe most gracefully, but the Bryn Mawr show was her first attendance at an exhibition of thoroughbreds.

"Are you a good judge of horse flesh?" inquired one of her friends from New York.

"Oh, my dear, I don't know; I should say not. I never tasted any," she said.—Philadelphia Times.

George Was Honest.
 George Butler, canon of Winchester cathedral, in England, was the son of Dr. Butler, head master of Harrow. The boy grew up to be a dignified, serious man, but in his youth he had a keen sense of humor. Dr. Butler wore a fine suit of black, with knee breeches and cloth gaiters, and, with his powdered hair, was a figure calculated to move any schoolboy to admiration and awe. One morning little George watched him as he set out for school and observed that his father wore only one gaiter. When Dr. Butler returned he said to the boy:

"You were here, George, when I went away this morning. Didn't you see that I had only one gaiter?"

"Yes, papa."

"Then why didn't you tell me?"

"Because," answered George coolly, "I thought it would amuse the boys."

No Air Castles For Him.
 One of Philadelphia's wealthiest men, who has made a fortune out of building operations, was spending a few weeks in the Poconos, where he made the acquaintance of a romantic young maid who paints china and writes poetry.

"Isn't this simply superb?" she inquired one night of the Philadelphian as they sat on the porch of a resort hotel, with the soft moonlight bathing the mountains. "Do you ever sit and build air castles, Mr. Penn?"

"Nuh," said he. "Nuthin' but two and three story houses."

The Explanation.
 The wife of a young business man got a wire from her husband the other evening that said:

"Shall dine with Milly Brown, an old gal of mine. Will be late. Don't wait for me."

When the business man reached home at midnight his wife met him in the hall.

"Wait for you?" she sneered. "Why, I wouldn't wait for the best man that ever lived, let alone you!"

A Statement of Facts Backed by a Strong Guarantee

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. Remember, you can obtain Rexall Remedies in Hondo only at our Store.—The Rexall Store. Willmann & Martin.

Mass at the Medina Dam.

At the express wish of Rt. Rev. Bishop Shaw Rev. B. P. Herrmann, O. M. L., of Uvalde, will say Mass every Sunday at Mico, the new town which has sprung up eighteen miles above Castroville, where the immense dam is being built across the Medina. The construction company is having a temporary chapel built for the use of its many Catholic employees, and Father Herrmann will go there as soon as this is completed. The open platform erected for dancing on the occasion of the Mexican fiestas of last September will be utilized for the purpose, walls of rough lumber will be put up and a canvas roof spread over all.

The Rev. Father will come down from Uvalde to Dunlay every Saturday and go thence in a caboose or on a flat-car to Mico. There are about 800 Mexican laborers employed at the dam at present, 400 of whom have their families with them. In addition to these there are a number of Catholics of other nationalities employed there.—Southern Messenger.

Bronco Is Unbroken.

Bronco means simply an unbroken horse, be it thoroughbred or mongrel. Most think them a bad, sorry breed as compared to old English thoroughbreds and dray stocks. Let us think not, for the wild horses themselves were thoroughbred Spanish and Arabian once upon a time.

Lighten Mother's Work

BUY HER ONE OF THESE EFFICIENT, LIGHT-RUNNING INEXPENSIVE SEWING MACHINES

Satisfaction—Or Money Refunded

NOTHING is too good for mother. At the best her life is none too easy. The old saying that "woman's work is never done" comes pretty near the truth. Anything then that can help her make her work lighter—her life easier—is worth careful consideration. The Sewing Machine has probably done more to help woman than any other invention or discovery of modern times. It was a long jump from sewing by hand to the first crude machine. People thought that perfection had been reached. Yet in some respects it is even a greater stride from the first machine to the "Damasus" or "Windsor"

of to-day. Here combined in one machine you find the highest skill, the best material and the latest improvements.

The "Windsor" and "Damasus" (fully described and quoted in our special sewing machine book) do everything that good machines should. They are efficient, durable, light running. In short they are "the last word" in sewing machines to-day.

You may think a new machine will be an expensive luxury—it may cost a good deal if you buy from a local dealer or agent. You have to pay three or four unnecessary profits then. But have you seen the prices we quote? You may never have dreamed that you could buy a high grade machine for so little. If so a welcome surprise awaits you when you see our price list.

SEND FOR THE SEWING MACHINE BOOK
 "It's impossible to buy a good sewing machine for less than \$40.00." You have heard people say that. Perhaps some agent has told this to you. Don't you believe it for a minute. You can buy as good a sewing machine as you can find anywhere on the market to-day, regardless of price, for from \$14.70 to \$22.95. This sewing machine book tells you all about it. It shows you a complete line—machines for every purpose, every requirement. We have a machine here for you.

Send for book 19, without fail, if you need a sewing machine.

 We do not ask you to accept these statements as final—we want you to prove to your own satisfaction that our machines are all that we claim them to be. Take one of these into your home—give it a trial for 30 days. Call in your neighbors—ask their opinion—then if it does not suit you, return it to us. We will refund your money and pay transportation charges both ways. Is this not a fair proposition? We can afford to make this offer because we are sure that our sewing machines will "make good."
